

One off Website Service

Getting an annual service on your website is a wise idea to ensure your site stays finely tuned for achieving your business goals.

**Peterson
& Co**

If you don't maintain your website on a regular basis, it can fall behind in terms of appearance, functionality, usability and you risk falling behind in search rankings. Things may stop working altogether!

Our Website Tune-Up includes:

- WordPress Core upgrades for better security and latest WordPress features
- Plug-in + Theme Updates
- Complete security scan to keep your visitors safe (+ malware removal)
- Full website backup to save a copy of your valuable website data
- Broken link scan and fixing for better SEO
- Speed & Performance scans
- Detailed website review and recommendations report

VALUE ADD: 2 hours design & dev time is included and you'll also receive a report on any improvements you can make to get it working the way you want.

FEE: \$495 single payment (+GST)

More than one website? Contact us for a competitive value-add package deal.
