

Website Aftercare

Work on your website doesn't end once it is launched. To keep your website running smoothly, just like your car, regular maintenance is needed.

**Peterson
& Co**

24/7 website care

If you don't want the hassle of updating your website (or if you just don't have time) we are happy to take care of this for you. We offer a fully-managed aftercare service that provides regular maintenance, security and content updates while you get on with running your business. If not, you're risking:

Speed

Security gaps emerge leaving the door open for hackers and costly malware attacks.

Security

Keep your site loading quickly with regular backend maintenance.

Compatibility

Missing out on the latest features and updates from WordPress for your website and plugins.

After all, you've invested significant time and money into your website, so why not keep it up-to-date, secure, and running smoothly.

“ We have been using the Peterson & Co aftercare plans for over 3 years for both our centre and festival sites. We have never had any downtime or issues. Everything runs smoothly and we don't have to think about it! ”

Gillian Elliott

Manager, Surry Hills Neighbourhood Centre

FAQs

What if my website is hacked?

Our aim is to prevent this from happening and this is the purpose of our plans. If an emergency does happen we will be there to make sure it goes live again.

How does the billing work?

We send you a monthly invoice to pay via EFT. If you pay for 12 months upfront we'll give you a month free.

Can I cancel at anytime?

We'd hate to see you go but yes you can. Email hello@petersonandco.com.au to request cancellation.
